Thoughts From The Publisher...

We appreciate your interest in teaching the Word of God! We express our thanks for your taking the time to review this NEW Bible class material. Hopefully, this SAMPLE and INFORMATION PACK will give you a thorough picture of the entire program. We suggest it is different from the majority of the class materials available today. But hopefully you will agree that it will accomplish our goal of everyone studying through the Bible on a regular basis, learning the inspired truth of God.

From the planning stages of the "**Studying Through The Bible**" material, it has been (and continues to be) our sincere desire to go "*back to the basics, teaching the inspired, faithful Word of God.*" The basic lesson sheets are simple, basic, and accurate to "*The Book.*" While visual aid packs are not furnished, we encourage teachers to get back to the basics of teaching (and developing good visual aids for their class). Teachers can cooperate together in building visuals that will adequately accomplish this.

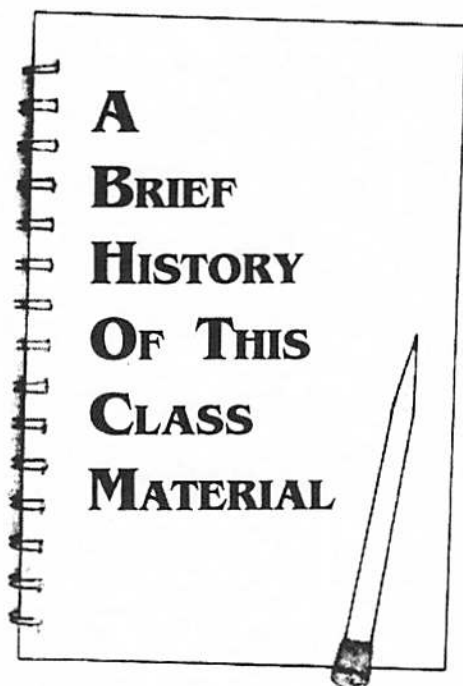

We are thankful for the overwhelming response by those who have viewed and/or begun "**Studying Through The Bible**" with this material. We are thrilled (and humbled) to say that churches and individuals in all fifty states and seven foreign countries are teaching this material.

We are reminded of the fact that all Christians have the responsibility to: **Study** to be approved by God (II Tim. 2:15), **Grow** in the knowledge of the Lord (II Peter 3:18), and **Search** the scriptures (Acts 17:10-11).

You can count on this fact! **This Entire New Series Of Studying Through The Bible Class Material Was Written By Faithful Members Of The Church Of Christ.**

If you have any questions, please give us the opportunity to help if we can at all. Above all else, **teach the Word!** Whether this material, or other material faithful to the Word, please teach, teach and teach again this soul saving good news.

Why & How It All Begin?

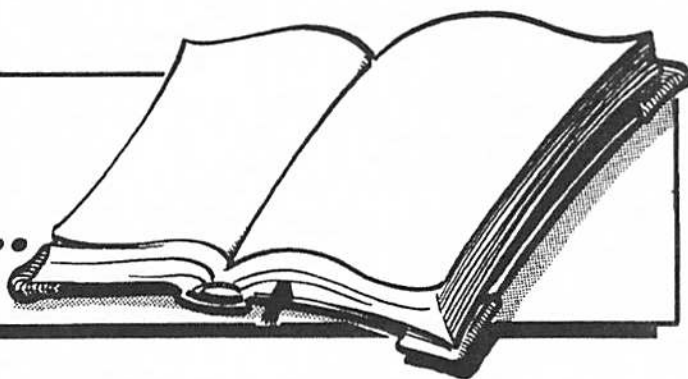

The East Hill Church elders, in Pulaski, Tennessee, strongly desired basic, simple, teachable, fundamental Bible class material. They wanted an organized, systematic study of the entire Bible. They did NOT want modified denominational material. With the help of the Southwest Church in Austin, Texas (their skeleton plan), the work began to develop lesson sheets and ***“Study Through The Bible”*** in various cycles of study. Soon, various additional congregations requested copies of, or information about, this material being written and developed. The elders inquired of Sain Publications making this available to the brotherhood, which ultimately developed. Key people were used to write, proof-read, create activities, etc. - seeking to make it functional and accurately graded. Emphasis was given to *“going back to basics”* and teachers creating visual aids and developing their own class plans, instead of

having all work pre-planned and completed for them (thus we have not developed and provided visual aid packs nor teacher’s manuals with this material).

Various **guidelines** established by the eldership at East Hill included: (1) emphasis on the student reading, studying and learning the Bible (not merely playing, taking up time, babysitting with, etc.), (2) encouragement of memory work (at least the *“gist”* of the verses, (3) using the faithful, majestic King James version, (4) back to the basics of Bible teaching, (5) encouraging home (family) reading and studying.

The task began without fully realizing everything that would be involved, but with the help of our heavenly Father we are near completion. As of 1996, we have the Pre-School, Primary, and Intermediate completed. The teen material is a newcomer, with just a few quarters completed. The adult material is almost five years completed in a six year study.

***In This Booklet,
You Will Find...***

Pre-School Actual Sample Lessons (2, Green)

Students (Ages 2, 3, 4, 5) will study ***“Great Bible Stories”*** - covering key stories for these impressionable students. Future plans call for these lessons to be divided into Nursery and Pre-School, but for now these little ones will go through this material in two cycles, in 192 lessons. Activities, (connecting dots, coloring related pictures, etc., are provided for each lesson. The lessons for these eight quarters of studying through the Bible are pictured in the ***“Overview”*** book.

Primary Actual Sample Lessons (2, Blue)

Grades 1, 2, 3 students will study **"God Has A Plan,"** covering the Bible in three years. From creation to the revelation to John, in twelve quarters of study, involving 288 lessons, they will learn basic fundamental facts of the Bible. The 11 X 17 lesson sheets will contain original stories (written by faithful members of the Lord's church), and activities for each class session. The lesson plan (quarter by quarter, week by week) are specifically itemized in the **"Overview"** book.

Intermediate Actual Sample Lessons (2, Yellow)

Students (Grades 4, 5, 6) will study the theme **"Learning God's Plan,"** studying through the inspired Scriptures in three years. They will walk through the Bible, from Genesis to Revelation, in 288 lessons (11 X 17 folded sheets). There will be numerous lessons that will lead these junior high students toward their learning, obeying and living for Jesus Christ. Details for each quarter's study are given for all weeks in the **"Overview"** book. Each lesson has various activities (crosswords, matching, word search, where do you find, etc.) that will require the teachers and students to **"go to THE BOOK,"** which is our strongest desire ~ reading, studying, learning and obeying God's Word!

Teen Lesson Sample (Reproduction Of Actual Pages)

Students will study through the Bible by topics, covering vital and relevant subjects desperately needed by youth, new converts, as well as some adults. Topics such as: **"New Testament Church," "Morality,"** and **"The Life Of Christ"** will be covered in a 32 page book which have written lessons along with related activities. The material for the teens contains a fresh look at crucial subjects to strengthen the faith of young spiritual minds.

Adult Lesson Samples (2) (Reproduction Of Actual Pages)

Students will study through all sixty-six books of the Bible, plus several related subjects (Christian Evidences, Church History, Denominational Doctrine, etc.) in this six year cycle of study. Twelve lesson studies are contained in 16, 20 or 24 page books. The lessons are skeleton outlines from which the teacher can build class studies. The student can add notes accordingly as they study. While this is NOT a verse-by-verse study (nor a chapter-by-chapter), the Bible is covered as thoroughly as possible in a six year period. Home study is strongly urged of each student throughout the study.
